

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lorenzo Martino
DOCKET NO.: 08-23904.001-C-1
PARCEL NO.: 17-05-223-004-0000

The parties of record before the Property Tax Appeal Board are Lorenzo Martino, the appellant(s), by attorney John P. Fitzgerald, of Fitzgerald Law Group, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$106,512
IMPR: \$710,488
TOTAL: \$817,000**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 35,037 square foot parcel of land improved with a nine-year old, two-story, concrete panel, commercial, auto repair building. The appellant argues that the market value of the subject property is not accurately reflected in the property's assessed valuation as the basis of this appeal.

In support of the market value argument, the appellant submitted a summary appraisal report of the subject property with an effective date of January 1, 2006. The appraiser estimated a market value for the subject of \$2,150,000, based upon the three traditional approaches to value. The appraisal indicates the subject was visited and lists the subject's size as 49,458 square feet of building area. Based upon this evidence, the appellant requests a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$864,524. The subject's assessment reflects a market value of \$2,275,062 using

the Cook County Ordinance level of assessment of 38% for class 5a, commercial property.

In addition, the board of review submitted detailed descriptive and sales data on four industrial buildings suggested as comparable. These properties sold from April 2004 to August 2008 for prices ranging from \$2,500,000 to \$6,400,000 or from \$71.58 to \$118.25 per square foot of building area.

The board of review also included a copy of the deed and a CoStar report listing the sale of the subject in February 2001 for \$2,579,816. This sale also included the sale of a second parcel of land with an industrial building located thereon. Based upon this evidence, the board requested confirmation of the subject's assessment.

After considering the arguments and reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the appellant has met this burden and that a reduction is warranted.

In determining the fair market value of the subject property, the Board thoroughly considered the parties' evidence and finds the best evidence to be the appellant's appraisal. The Board finds this appraisal to be persuasive for the appraiser inspected the subject property and developed the sales comparison approach to value in estimating the subject's market value. Moreover, market data was used to obtain improved sale comparables while providing sufficient detail regarding each sale as well as appropriate adjustments, where necessary. The Board gives no weight to the sale of the subject in 2001 because the sale is aged and included a second parcel with an industrial building located thereon.

Therefore, the Board finds that the subject property contained a market value of \$2,150,000 for tax year 2008. Since the market value of the subject has been established, the Cook County Ordinance level of assessment of 38% for class 5a, commercial property will apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
